## Technical Specifications **Evo 2025WS**

### Physical

Width	mm	706
Width (excluding handle)	mm	640
Height (including feet)	mm	1510/1565
Height (hood open)	mm	1930/1985
Depth	mm	740
Depth (inc. handle)	mm	800
Weight	kg	140
Cycle times - adjustable	secs	60-120-180

### Racks

Size	mm	500
Glasses per rack (pint)		25
Max usable height	mm	400
Plates per rack		18
Racks supplied	10Open 1Plate	
Racks per hour		60-30-20

### Water

Water inlet		3/4"
Waste outlet (grav/pump)	mm	35/25
Pressure min	bar	2
Pressure max	bar	4
Consumption per cycle	litres	2.4
Wash tank capacity	litres	20
Wash tank temp	deg C	45 to 65
Rinse boiler capacity	litres	6
Rinse boiler temp	deg C	65 to 90

### Electric

Voltage	V	240/415
Phase		Single/three
Current (phase)	amps	16 to 30(1) 10(3)
Wash pump	kw	0.6
Wash tank element	kw	3
Rinse tank element	kw	2/4/6
Total loading (phase)	kw	4.6/6.6 (1) 6.6(3)

### Features

Rinse aid pump	Peristaltic
Detergent pump	Peristaltic
Drain pump - as standard	Yes
Drain system MDT	Yes
Internal Breaktank	Yes
MRT (Maidaid Rinse Technology)	Yes
MWT (Maidaid Wash Technology)	Yes
Temperature adjustment	Yes
Thermostop	Selectable
Energy saving	Selectable
Fast heat	Selectable
Wash arm	Co-polymer
Rinse arm	Co-polymer
Automatic Water softener - ECS (Continuous)	Yes

## General Features

- Internal, automatic water softener
- Designed to minimise energy usage
- Low water consumption
- Uses up to a third less detergent
- Selectable quick start
- Maidaid Rinse Technology for guaranteed rinse temperature
- Three programmable cycle times
- Superior peristaltic dosing for both detergent and rinse aid
- Best washing and rinsing performance guaranteed
- Low noise levels
- Less impact on the environment
- Cost effective option – the savings will speak for themselves!
- Self-clean cycle
